**Governance\***

Governance\* - First Token holders will have the power to vote on propositions related to the First platform as well as the general usage of the Reserve funds.  
 Unlock Frequency\* - First day of every month.

# Token Allocation

The FIRST Coin (FIRST) is an ERC20-compliant cryptographic token. It can be traded on the Ethereum blockchain.

The FIRST coin is used as a currency on the FIRST platform and an independent store of value for creators, fans and investors.
